PINNACLE HOLLYWOOD FX PLUS

More Choice, More Flexibility
Hundreds of additional effect presets come with Pinnacle Hollywood FX Plus so you can start adding new transitions in minutes. A category browser lets you find the transition you want instantly with a single click. Just drag-and-drop the effects into your timeline like any other transition.

More 3D, More Stunning Results
Get high quality 3D rendered effects thanks to the True 3D power using the OpenGL engine that accelerates today's games. True 3D Objects let you use real-life objects, like rings, bells, slates, and more in the transition.

More Choice, More Control, More Professionalism
Advanced keyframe editor allows you to customize every parameter. A Media Control lets you add a wide range of 3D MultiWindow Effects using external video sources for creating effects with 6, 9, 16 or more video sources.

PINNACLE STUDIO SOFTWARE SOLUTIONS

Pinnacle Studio

version 9

Pinnacle Studio is the easiest-to-use software video editor in its class. Capture home movies to your computer, edit them, add titles, music, narration and special effects and then output your edited masterpiece to videotape, DVD or the Internet.

EASY VIDEO EDITING

3-Step Process

Transfer your video to the PC, tell your story, and share it on tapes, CDs, DVDs or on the Internet. Studio takes the guesswork out of video editing by making it easy and straightforward.

One-Click Movie Making Option

Create a movie in seconds with SmartMovie. Simply choose both a video and a music track, pick a preset movie style and let Studio instantly create an amazing movie that matches the beat of the background music.

Smart Automated Features

Studio has automated features to make video editing faster and easier! SmartCapture minimizes the space of videos on your hard disk while SmartSound generates background music that fits the length of your edited movies.

POWERFUL VIDEO EDITING

A Powerful Engine for Instant Results

At any time during the editing process, you can instantly watch your production in full screen. At the heart of Pinnacle Studio is a professional quality video editing system, which delivers all the power you need to quickly go from capture to a finished movie.

Title + Mosaic Effect

Unique Video And Audio Restoration Tools

Pinnacle Studio makes it fast and easy to save all your memories in the highest quality thanks to fantastic video and audio restoration tools; video cleaning restores old taped videos, image stabilization steadies shaky footage, automatic colour correction rescues poorly lit images, and noise reduction removes wind noise and camcorder whine.

Video Restoration

Integrated CD & DVD Creation

By integrating CD/DVD authoring into the video editing timeline, Pinnacle Studio provides complete flexibility to create video CDs & DVDs that are fun to share and convenient to access.

DVD Menus

CREATIVE VIDEO EDITING

Professional Looking Movies

Choose from an extensive library of amazing 2D & 3D transitions, select from a catalogue of titles or create your own, record your own voiceovers and import your favorite music tracks... The creative possibilities are limitless.

3D Transitions

An Assortment of Video & Audio Files

Pinnacle Studio comes with a selection of fantastic filters that you can apply to your movies with one click and preview instantly. You can even superimpose multiple filters onto your movie clips for stunning results!

Video Filters

A Home Theater Experience

Thanks to new home cinema features such as surround sound, Widescreen 16 x 9 aspect ratios and surround sound, you can bring a unique Hollywood touch to your finished movies.

4:3 STANDARD

16:9 and 4:3

Pinnacle Studio Plus

version 9

In addition to all of the features in Studio, Pinnacle Studio Plus also provides video enthusiasts with on-demand access to hundreds of professional-quality, cutting-edge features including:

MORE POWERFUL...

Professional Chroma Key Tool

The chroma key or "blue screen" (also called green screen) tool lets you combine two video clips by superimposing the foreground of one on the background of another. It lets you virtually erase the background colour of one scene, so that the second video clip appears in the background.

Picture-in-Picture (PIP) Effects

The Picture-in-Picture tool allows you to superimpose one video on top of another, with controls for size and position. You can even add borders and drop shadows.

MORE CREATIVE...

Amazing Slideshow

The slideshow or "pan-and-zoom" tool allows you to create documentary style animated slideshows in which the "camera" zooms and pans across the surface of the photo. You can also remove red eye and rotate your photos.

...STILL AS EASY!

Pinnacle Studio Plus is based on the proven, unique user interface and workflow of Pinnacle Studio. All the additional features and contents are easy to configure and provide a high degree of control for you.

Pinnacle Studio MediaSuite

Pinnacle Studio MediaSuite comes with Studio Plus and also includes a complete collection of comprehensive tools for working with other media files before, during and after video editing including:

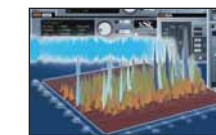

Corel Photobook

Use Corel Photobook for all your digital camera needs. Fast, fun and easy to use, it lets you retouch, organize and share your digital photos, or create photo albums and slide shows more easily than you ever imagined.

Steinberg WaveLab Lite

Based on award-winning Steinberg WaveLab technology, WaveLab Lite offers a range of indispensable digital audio editing features, and comprehensive mastering possibilities for your Studio projects.

Pinnacle InstantCopy

Making copies of your home movies on DVDs and CDs has never been faster or easier. InstantCopy burns perfect copies every time - and at unbeatable speeds! With a user-friendly interface and unique compression technology, InstantCopy quickly burns high-quality copies of DVDs and CDs. It can also make true 1:1 copies of non-copy protected DVD movies, transfers DVD content to Video CDs, and makes perfect copies of any CD media, including data, music, video and games.

Pinnacle Instant DVD Recorder

Instant DVD Recorder is a software application that lets you record video directly from a tape to a DVD disc, with basic menus.

Pinnacle MediaManager

Manage and organise all the media files on your PC. Import CD music and video tapes. Burn any file to CD or DVD.

Pinnacle InstantCinema

InstantCinema is a DVD player that lets you watch on your PC the DVDs, SVCDs and VCDs created with Studio Plus.

Pinnacle InstantDisc

InstantDisc is a CD & DVD burning application that lets you create data and audio CDs. Rip and arrange audio to be burned onto CD or use the included MP3 encoder to save your content into an MP3 database. Virtually every data format is possible with the ability to write to both CD and DVD.

BONUS!

+ 1 large Green sheet that is a must have tool to do perfect Chroma Key effects like you see on TV
