Studio Plus

version 10.5

TITANIUM EDITION

Powerful home video editing made simple

So many features, so little hassle

Pinnacle Studio Plus v10.5 Titanium Edition (TE) is built on the same technology used by professional broadcasters. It includes everything you need for total control of your creative options, and high performance features to keep you moving quickly every step of the way.

- **All popular sources and formats, including HD** – Capture video from most consumer cameras, including the newest HDV camcorders.
- **Professional TV-style effects** – Use powerful real-time, multi-track editing to create effects you see on TV every day, such as Chroma Key (green screen) and Picture-in-Picture (PIP).
- **Keyframeable real-time effects with preview** – Choose from hundreds of real-time effects and transitions. Preview your movie immediately in full resolution right on your primary or even a secondary computer monitor. And if you ever outgrow the extraordinary effects selection included with Studio Plus v10.5 TE, you can easily add to your collection—Pinnacle offers hundreds more at very affordable prices.
- **All the effects and transitions you need** – Bolster your creative options with scene transitions and special real-time effects. Studio Plus v10.5 TE includes slow and fast motion video and audio playback, as well as the added control of true audio scrubbing for easy identification of key audio cues like specific musical beats and/or words.
- **Built-in DVD authoring** – Easily create DVDs with motion menus and custom navigation on the fly, for playback on consumer DVD players. Studio Plus v10.5's fully integrated CD and DVD authoring lets you preview your results with full DVD controls right from within the editing workspace, without having to switch applications.

NEW

Export to iPod, PSP and DivX – Enjoy your movies on Sony PSP, Apple iPod, DivX certified players and other popular mobile video devices.

NEW

Includes Pinnacle RTFX volume I – Increase your creative options with 25 additional real-time effects.

Solutions

Software only

**Pinnacle Studio Plus
