Studio™ Ultimate version 12

Your life in movies. Mastered

Key Features

It's all in the Timeline.

With its sleek, scalable interface, Pinnacle Studio Ultimate Version 12 represents a stunning leap forward in workflow refinement and ease of use. Directly import your digital videos, photos and audio from a wide range of devices including DV, HDV and AVCHD camcorders, and digital still cameras. Automatic scene detection and clip creation gets your project off to a great start. You'll be editing your movie, fast!

Optimized for performance

Unleash the power of your computer. This means a faster, smoother experience while you work and in your final output.

Real-time multi-track editing

Create advanced effects like Chroma Key, graphics overlay and Picture-in-Picture (PIP).

Key frame-able 2D/3D motion graphics

Pick from hundreds of effects and transitions, and preview them in full quality, even in HD. If you ever need even more creative variety, add to your effects library with just a few simple clicks.

Scorefitter® music generator

Automatically generate a rich soundtrack to match the length of your movie; now with 40+ source tracks that feature more choice, higher fidelity and increased accuracy.

NEW! Web publishing simplified

What fun is capturing your memories if you don't share them? In just One-Click share your movies with the world on popular web sites like YouTube and Yahoo! Video

NEW! Refined audio editing

New digital controls and monitors to add a dimension in sound to your movie.

Clean up and rejuvenate

Improve audio tracks, clean up video, enhance color, remove noise, and fix poor lighting to restore old, damaged footage – automatically.

NEW! Even more ways to share

Output movies to Sony® PSP™, Apple® iPod®, DivX® certified players and even 3GP mobile phones. Export to Flash video too.

Built-in HD Disc Burning

Burn DVD, HD DVD and AVCHD format discs on standard DVD media. Natively author Blu-ray format discs with full motion menus.

Scalable user interface

Keeps tools at your fingertips. Adjustable windows are perfect for widescreen monitors.

Windows Vista™ Certified

Fine-tuned for smooth integration with Windows Vista.

Exclusive Feature

NEW Pro video tools

Pinnacle Studio™ Ultimate Version 12 includes professional caliber tools for complete control of your productions.

Boris Graffiti - title & graphic animation

The most innovative titling tools in the industry are now at your fingertips. Easily craft sophisticated title animations including type on text, text on a path, jitter and randomization. Create 3D text with bump maps and reflections. An expansive Style Palette and the Boris Library Browser provide fast access to hundreds of preset effects and styles.

Magic Bullet Looks – Pro film styles

Whatever the location, the look of your footage sets the mood. Now you can define the style of your video or film, regardless of on-set conditions, with powerful imaging tools. Choose from more than a hundred Look presets, all neatly organized into 10 categories, to help set the mood for everything from a wedding to a film festival winner.

proDAD VitaScene – lighting, glows & more

Now you can achieve sophisticated effects and transitions that contribute greatly to the style and mood of your project: light rays, color matching, artistic film styles, and much more. Now it's easy to add those subtle details that give you professional looking results.

BONUS:

Green Sheet (approx. 5.95 ft x 5.58 ft) Essential for creating high quality Chroma Key effects.

Complete HD workflow

Your Story — Now in Dazzling HD

Pinnacle Studio Plus works natively with HDV and AVCHD footage. Native HD support means you'll get the same pristine quality from your original source all the way to final output – without transcoding and in real-time. You can even combine projects that mix standard and high definition video and photos for a final result in full HD resolution

Built-in HD Disc Burning

Burn your Hollywood-style movies on DVD and HD DVD format discs on standard DVD media. Natively author Blu-ray format

discs with full motion menus. Or make AVCHD format discs on standard DVDs to play on Blu-ray players.

NEW Pinnacle Montage

Watch your memories come alive

Enjoy multi-track power without the complexity. Thanks to fantastic pre-built templates designed by professional producers and artists, Pinnacle Montage automatically generates all the necessary titles, effects and animations.

Create multi-layer effects

Access to Picture-in-Picture, Chroma Key or A/B editing with two video tracks at the tip of your fingers.

Mix your media together

Use all your media - photos, video, and music - to create a Hollywood-style movie.

11 themes with +80 templates including Video Wall, Album, Seasons and more
