# Highlight Features

Loaded with powerful, pro-caliber features to help you edit like a pro.

## Set the tone with powerful color controls

Control the ambiance of your video with a full Color Grading toolkit. Achieve professional level thematic effects, customizable down to the keyframe. Color Grading empowers you to completely transform the feel of your footage, draw focus to scenes or subjects, and so much more.

## Create engaging videos across multiple cameras

It's both fun and easy to record multiple angles and then edit them together with Pinnacle's MultiCam Capture. Record your screen and webcam simultaneously, easily capture video, system audio, and microphone sound - all in a single click - and edit on the fly. This is the perfect tool to create engaging tutorials, product demos, unboxing videos, and more!

***“ I finally have software that lets me create what I want... and how I want it... with no hassles... and at a cost that didn't even dent my budget. ”***

Video Masking

## Enhance creatively with masking

Video Masks are a revolutionary masking tool for everything from basic fixes like face blurring and subject enhancement, to pro level edits like removing unwanted objects, creating clones of subjects, blurring faces, and customizing creative transitions or effects.

## Precise controls and complete flexibility

Pinnacle Studio offers users full control to make precise edits. Adjust practically every parameter of your clips, effects and titles with keyframes. Enjoy interface flexibility and personalize your workspace to keep your most used tools at your fingertips. Get professional-level control over your editing process with Pinnacle Studio.
